EXPERIENCE

UI/UX Project Head
June 2025 – July 2025

G-Tec Computer Education, Anna Nagar, Chennai

- Led UI/UX design projects as Project Head, managing design workflows and coordinating with cross-functional teams.
- Utilized Figma extensively to create wireframes, prototypes, and high-fidelity design mockups for web and mobile applications.
- Conducted user research and usability testing to inform design decisions and improve user experience.

PROJECTS

Login Page UI | Live ↗

- Designed and developed a responsive **Login & Registration** web application in Figma featuring a modern glass morphism UI with an abstract animated background, navbar, and modal-based authentication flow.
- Built a 3-screen user flow (Landing → Login → Registration) with reusable glass morphism card components, form validation inputs, and seamless modal transitions for an intuitive user experience.
- Created accessible UI screens with consistent visual hierarchy, including email/password fields, remember me toggle, forgot password, and terms & conditions following usability best practices throughout the design.

</> **Tech Stack:** Figma, HTML, CSS, JavaScript
